## EcoClean

The EcoClean provides media free cyclonic filtration that continuously circulates the entire machine tool coolant supply at 20gpm (80lpm) filtering to 5um. This unique and exclusive filtration process keeps the machine tool tank clean and provides clean coolant throughout your machine tool.

### Benefits:

- Superior Filtration to increase coolant life
  - 98% Efficiency
- Removes ferrous, non-ferrous and non-metallic particles
- Arrests Bacteria Growth
- Compact Design
- Virtually Maintenance Free
- Improved Pump Life
- Improved Machine Tool Life
- Fast Pay-back
- Environmentally Friendly
